

Driving Critical Mission Outcomes by Providing Secure Collaboration, Programmability, Digital Architectures, and Cloud Solutions to Address Today's Customers' Needs and Help Them Succeed in the Future

ABOUT PRESIDIO FEDERAL

Presidio Government Solutions LLC, branded publicly as Presidio Federal, is a purpose-built and mission-driven IT services and solutions provider dedicated to serving the federal government. Presidio Government Solutions leverages its wealth of experience and deep relationships across its partner ecosystem, creating an environment of active collaboration and real-time responsiveness.

The company develops and delivers the most advanced technologies, like Cisco, through expert knowledge centers in automation, augmentation, cloud, cybersecurity, digital infrastructure, and collaboration. Presidio Government Solutions is a wholly owned subsidiary of Presidio. For more information, please visit presidiofederal.com.

ABOUT OUR CISCO PARTNERSHIP

Our relationship with Cisco is always evolving to support the federal government's drive towards digital transformation. We remain ahead of the curve to help our customers eliminate IT complexity, innovate faster with simplified operations, and accelerate adoption across the entire IT lifecycle.

As a trusted Cisco partner, we understand the needs of our federal customers and the constituents they serve. We partner with Cisco to deliver customized solutions that accelerate cloud computing initiatives, deliver automation to connect data, processes, and people, and promote a consistent security posture across federal agencies.

We work together to navigate the complexities of our federal customers, overcome their unique challenges, and address concerns associated with purchasing and adopting new technology in a cloud-first world. As the pace of innovation increases, clients trust Presidio Federal and Cisco to put their mission success front and center.

The power of our Cisco partnership is best exemplified by our investment in Cisco's technology and Partner Programs:

- Cisco Gold Partner
- DevNet Specialized Partner
- Cisco Lifecycle Advisor
- Cisco IoT Specialization
- US Federal Authorized Partner

UCM Cloud for Government At-a-Glance

With Cisco UCM Cloud for Government, agencies like yours can empower personnel to share more ideas; make smarter, more informed decisions; and provide better outcomes to citizens. And they can do so through the power of an efficient and secure mobile cloud-based service that adds value by:

- Enhancing the user experience. Deploy a complete suite of enterprise telephony solutions with advanced features and proven reliability that lets your team collaborate in the way that works best for them and from the device of their choice.
- Securing collaboration. Cisco UCM Cloud for Government gives you the security of a FedRAMP-Authorized cloud data security service, backed by our industry-leading cybersecurity.
- Reducing complexity. Free your limited resources and personnel to focus on their strategic priorities and leave the maintenance and upgrades to us.
- Improving reliability. Reduce costs, improve efficiencies, and streamline workflows with the proven technology, built for government use that Cisco UCM Cloud for Government delivers.

Simplify your security with the broadest, most integrated platform

SecureX is a cloud-native, built-in platform experience that connects our secure portfolio and your infrastructure. It is integrated and open for simplicity, unified in one location for visibility, and maximizes operational efficiency with automated workflows. Radically reduce threat dwell time and human-powered tasks to stay compliant and to counter attacks.

Delivering Reliable Performance for Mission-Critical Applications

AppDynamics is the world's #1 fastest-growing APM solution. As an AI-powered application performance monitoring solution that provides visibility and insights into your IT environment. With unified monitoring down to the network, and across both private and public clouds, we enable you to resolve performance issues and take the right actions for your business, at exactly the right time.
